

## Where do I find my iCal Calendar URL ?

**Airbnb:** (must access from mobile [www.airbnb.com](http://www.airbnb.com) site, not app or from your Laptop)

To Export Calendar your Airbnb calendar

1. Go to [Manage Listings](#) on [airbnb.com](http://airbnb.com)
2. Find the listing you'd like to edit and click Manage listing
3. Click Availability
4. Under Sync Calendars, select Export calendar
5. Copy and paste the Airbnb calendar link into Property Protect Registration page

## Homeaway / VRBO:

To Export your HomeAway calendar

1. Log in to your account.
2. If you have more than one property, select the property you wish to edit.
3. Click the Calendar icon in the left navigation menu.
4. Click Reservations.
5. Click the Import/Export (up/down) arrows icon.
6. Click Export Calendar.
7. Copy and paste the calendar link into Property Protect Registration page

## Booking.com:

To Export your Booking.com calendar

1. Log on to your Extranet and click on the Rates & Availability tab or Calendar (or a specific room name to access its calendar).
2. Then scroll down to the Sync Calendars box below the calendar.
3. Click on the blue Export Calendar button. In the pop-up box that appears, click on Copy link and paste this link into Property Protect Registration page.
